Thanks Coach...

Not sure why a middle schooler with a full blown mustache is looking like he is going to pummel our kids in this one picture and a basketball coach felt the need to flip off our Ball Mom's and coaches... 🤪

I didn't even realize what I was photographing until I got home and looked at my pictures...

The Catalyst

This child was born dramatic, and I support it fully." 

Moms... whose kid acts like every game is the NBA Finals?
